New Business:

Park Bench Program - The LCDA was approached to have a tree planted in memory of a father and son who used to come to Lochaber Lake many years ago on a regular basis to visit lifelong friends. The family saw the trees and plaques throughout the property when visiting the lake this summer and wanted to know if they could purchase a tree and plaque and have it placed on site in memory of their loved ones.

Their request was considered after discussing with several community members and placing the item on the agenda for the July monthly meeting. The feedback was very positive so it was decided to go ahead with the park bench program. The cost to purchase a bench, plaque and have it installed on the property would be \$400 - \$500. This program would serve two purposes (1) to recognize a loved one who had an attachment to the Lochaber Lake and (2) provide seating throughout the grounds for the enjoyment of all visitors to the Centre.
